Executive Summary

Community colleges must have prior State Board of Community Colleges approval to offer a curriculum program. The State Board is authorized in Rule 23 NCAC 02E .0201 to approve programs consistent with the System's mission. The approval processes include curriculum applications (standard or special) or letters of request, depending on the program type.

Approval of curriculum programs are justified by student interest and current and future employment needs within the state. Each college must certify that they can operate the program efficiently and effectively within the resources available to the college.

Colleges may seek approval to offer programs that are new to the System (the curriculum program does not currently exist in the System), or seek approval to offer an established program (the curriculum program is an existing program within the System).

From January 2008 through December 2008, the State Board of Community Colleges approved, or delegated approval to the President of the North Carolina Community College System, a total of **61** curriculum programs. Of the **61** approved programs, **58** programs were existing curriculum programs, and **3** were new to the System.

The new to the System programs are:

Nuclear Maintenance Technology (A50390)
Entrepreneurship (A25490)
Project Management Technology (A25390)

Per rule 23 NCAC.2E.0201(b), Community Colleges shall request to terminate a curriculum program when there has been low or zero enrollment for two years. From January 2008 through December 2008 the North Carolina Community College System received program termination requests from **16** colleges. The colleges requested termination of one or more of their curriculum programs resulting in the termination of **71** curriculum programs system-wide.

Curriculum Program Approvals and Terminations

Curriculum Program Approvals by Type

Standard Curriculum Program Applications

The standard curriculum program application process is required for all New to the System curriculum programs and all programs that have not been identified as meeting an immediate or critical need. A concentration is a major core of courses added to an existing parent program to meet the needs of a specific related employment field. The college must have approval for the parent program in order to request approval for the concentration.

New to the System Curriculum Programs

Standard Curriculum Program Application.....3

Subtotal: 3

Existing System Curriculum Programs

Standard Curriculum Program Applications23

Standard Curriculum Program Concentration Applications9

Subtotal: 32

Special Curriculum Program Applications

The State Board of Community Colleges has established a shortened or "special application" approval process for existing programs that have been identified as meeting an immediate or critical need.

Appendix D:
Log of Curriculum Program Terminations by
SBCC Date

Appendix D: Log of Curriculum Program Terminations by SBCC Date

	Community College	Curriculum Name and Code	Rationale for Termination
January 18, 2008			
	Davidson County Community College	Manufacturing Technology/Plastics (A5032A)	Low Enrollment: Changes in community need for jobs in this field. A major manufacturer pulled out of the area and continuing education is picking up the slack.
	Guilford Technical Community College	Business Administration/Banking and Finance (A2512A)	No Enrollment: This curriculum has not been offered at GTCC since 2002. Two year associate degree jobs are located in the Charlotte area rather than the central Piedmont. Moved teller training to Quick Jobs in Continuing Education.
	Guilford Technical Community College	Business Administration/ Customer Service (A2512B)	Low Enrollment: This curriculum has not been offered at GTCC since 2002. Moved program to Quick Jobs in Continuing Education.
	Guilford Technical Community College	Business Administration/ Electronic Commerce (A2512I)	No Enrollment: This curriculum has not been offered at GTCC since prior to 1999. Logistical emphasis needed by local industry. Started Logistics Program to take care of this need.
	Guilford Technical Community College	Business Administration/ Operations Management (A2512G)	No Enrollment: This curriculum has not been offered at GTCC since 2002. Program had a manufacturing focus. These jobs have been lost to this area so there is no longer a need to offer this program.
	Guilford Technical Community College	Central Sterile Processing (Diploma) (D45180)	No Enrollment: This curriculum has not been offered at GTCC since 2002 related to student interest. The program has been moved to Occupational Extension where it can be offered on an as needed basis for employees of the local health facilities. They have not had any request for training.
	Guilford Technical Community College	Chemical Process Technology (A50110)	Low Enrollment: Lack of student interest and community need; program ended spring 2007.
	Guilford Technical Community College	Electronic Servicing Technology (A50120)	Low Enrollment: Major curriculum components are taught by Continuing Education Department and meet the needs of employers.
	Guilford Technical Community College	Manicuring Instructor (Certificate) (C55380)	Low Enrollment: This program has not been offered at GTCC since 2000 due to lack of space for program implementation.

Appendix D: Log of Curriculum Program Terminations by SBCC Date

	Community College	Curriculum Name and Code	Rationale for Termination
	Guilford Technical Community College	Office Systems Technology/Legal (A2536A)	No Enrollment: This curriculum has not been offered at GTCC since prior to 1999. State regulations changed so that law offices need paralegals. Started Paralegal Program as an alternative.
	James Sprunt Community College	Phlebotomy (Certificate) (C45600)	Other: Phlebotomy Program has been inactive for one year. College meets community needs through their Medical Assistance Program. MED-159 addresses Phlebotomy. Unable to hire a qualified program director for the part-time Phlebotomy program.
	Pitt Community College	Electronic Servicing Technology (A50120)	Low Enrollment: Enrollment has been in decline for past four years.
	Pitt Community College	Industrial Construction Technology (A35260)	Low Enrollment: Enrollment has been in decline for past four years due to slow down in industrial construction industry. Employer needs are being met through the college's Industrial Systems, Welding, and Building Construction Technologies programs.
	Western Piedmont Community College	Real Estate Appraisal (A25420)	No Enrollment: Lack of qualified faculty available to teach the REA classes. In addition, budget limitations prohibited the college from hiring a fulltime coordinator for the program
	Wilson Community College	Machining Technology/Tool, Die, and Mold Making (A5030A)	Low Enrollment: Lack of industry demand and competition from programs at other community colleges.
March 14, 2008			
	Craven Community College	Business Administration/Banking and Finance (A2512A)	Low Enrollment: Local employers reported that program does not add significant value for graduates in the local job market.
	Craven Community College	Office Systems Technology/Legal (A2536A)	Low Enrollment: Employers do not give any preference to graduates in hiring. Students can find jobs in law offices without the degree or any program training.
	Pitt Community College	Business Administration/ Electronic Commerce (A2512I)	No Enrollment: Job availability decreased in the area; there was competition from the Internet Technologies program; and the industry went through major changes at the time.

Appendix D: Log of Curriculum Program Terminations by SBCC Date

	Community College	Curriculum Name and Code	Rationale for Termination
	Pitt Community College	Cardiovascular/Vascular Interventional Technology (Diploma) (D45140)	No Enrollment: Program has always had low enrollment and for the past year has had no enrollment. Local hospitals are cross training radiographers and other healthcare providers to fulfill the responsibilities of the cardiovascular/vascular interventional technologist. In addition, no interest in the program is exhibited from students.
	Pitt Community College	Heavy Equipment and Transport Technology (A60240)	No Enrollment: Lack of industry support.
	Pitt Community College	Heavy Equipment and Transport Technology/Agricultural Systems (A6024A)	No Enrollment: Lack of industry support.
	Pitt Community College	Industrial Construction/Electrical (A3526A)	No Enrollment: Declining enrollment due to slow down in industrial construction industry. Employer needs are being met through the college's Industrial Systems, Welding, and Building Construction Technologies programs.
	Pitt Community College	Industrial Construction/Mechanical (A3526B)	No Enrollment: Declining enrollment due to slow down in industrial construction industry. Employer needs are being met through the college's Industrial Systems, Welding, and Building Construction Technologies programs.
	Pitt Community College	Surveying Technology (A40380)	No Enrollment: Lack of industry support. No enrollment since 1990s.
	Randolph Community College	Early Childhood/Teacher Associate (A5522B)	Low Enrollment: The Teacher Associate concentration was added per request from the local school system in 2003, however; current teacher assistants are required to complete an Associate Degree and other degree options at Randolph community college are meeting this requirement.
	South Piedmont Community College	Health Information Technology (A45360)	No Enrollment: Program has been in dormant status and not advertised in college catalog since 2001-2002.
	South Piedmont Community College	Medical Transcription (Diploma) (D25320)	No Enrollment: Program not advertised in college catalog since 2001-2002; instruction has been integrated into other curriculum programs.

Appendix D: Log of Curriculum Program Terminations by SBCC Date

	Community College	Curriculum Name and Code	Rationale for Termination
	South Piedmont Community College	Nursing Assistant (Certificate) (C45480)	No Enrollment: Program has been offered through Continuing Education since 2000-2001.
	South Piedmont Community College	Phlebotomy (Certificate) (C45600)	No Enrollment: Program not advertised in college catalog, instruction integrated into other curriculum programs.
	Wilson Community College	Industrial Systems Technology (A50240)	Low Enrollment: Lack of industry demand and competition from programs at other community colleges.
	Wilson Community College	Machining Technology (A50300)	Low Enrollment: Lack of industry demand and competition from programs at other community colleges.
April 18, 2008			
	Alamance Community College	Lateral Entry (Certificate) (C55430)	Low Enrollment: Potential students are provided more flexibility in completing the requirements by ABSS (Alamance-Burlington School System) and senior institutions under the current guidelines.
May 16, 2008			
	Pitt Community College	Early Childhood Education/Teacher Associate (A5522B)	Low Enrollment: The Teacher Associate concentration was added to meet the local school system's need for teacher assistants based on the No Child Left Behind Act, however; current teacher assistants are required to complete an Associate Degree and other degree options at Pitt Community college are meeting this requirement.
	Pitt Community College	Insurance (Certificate) (C25280)	Low Enrollment: Majority of curriculum components are taught by the continuing education department which meets the needs of employers.
	Pitt Community College	Phlebotomy (Certificate) (C45600)	Low Enrollment: Majority of curriculum components are taught by continuing education department which meets the needs of employers.
	Pitt Community College	Real Estate (A25400)	Low Enrollment: Majority of curriculum components are taught by continuing education department which meets the needs of employers.

Appendix D: Log of Curriculum Program Terminations by SBCC Date

	Community College	Curriculum Name and Code	Rationale for Termination
	Pitt Community College	Real Estate Appraisal (A25420)	Low Enrollment: Majority of curriculum components are taught by continuing education department which meets the needs of employers.
	Wake Technical Community College	Automation/Engineering Technology (A40120), <i>Formerly Automation/Robotics Technology (ARCHIVED)</i>	Low Enrollment: Due to Industry downturn and the relocation of jobs we no longer have sufficient students to continue offering this program.
June 20, 2008			
	Alamance Community College	Electronics Technology (A50140)	Low Enrollment: Lack of employment opportunities.
	Wake Technical Community College	Manufacturing Technology/Plastics (A5032A)	Low Enrollment: Due to industry downturn, automation, and the relocation of jobs we no longer have sufficient student to continue offering this program
July 18, 2008			
	Davidson County Community College	Computer Engineering Technology (A40160)	No Enrollment: Students choose to major in other computer related programs.
	Davidson County Community College	Machining Technology (A50300)	No Enrollment: Changes in local industry led to job decline which led to lack of enrollment.
	Davidson County Community College	Machining Technology/Tool, Die, and Mold Making (A5030A)	No Enrollment: Changes in local industry led to job decline which led to lack of enrollment.
	Davidson County Community College	Manicuring/Nail Technology (Certificate) (C55400)	No Enrollment: Local market was saturated with graduates.
	Davidson County Community College	Mechanical Drafting Technology (A50340)	Low Enrollment: Technological changes made program obsolete.
	Robeson Community College	Emergency Medical Science (A45340)	No Enrollment: RCC has a thriving EMT program under continuing education. Although students initially expressed an interest, they were not willing to complete the developmental coursework required for many of them to begin the curriculum program. This limited the number of applicants available.
	Western Piedmont Community College	Business Administration/ Electronic Commerce (A2512I)	No Enrollment: Lack of qualified faculty available to teach the classes within the program.

Appendix D: Log of Curriculum Program Terminations by SBCC Date

	Community College	Curriculum Name and Code	Rationale for Termination
	Western Piedmont Community College	Carpentry (Diploma) (D35180)	No Enrollment: Lack of qualified faculty available to teach the classes within the program.
	Western Piedmont Community College	Nursing Assistant (Certificate) (C45480)	No Enrollment: Lack of qualified faculty to teach. The Nursing Assistant course will be available through Continuing Education.
August 15, 2008			
	Wake Technical Community College	Real Estate Appraisal (A25420)	No Enrollment: The program had no completers for the past three years due to a decline in the local job market.
	Wake Technical Community College	Real Estate Licensing (Certificate) (C25480)	No Enrollment: The program had no completers for the past three years due to a decline in the local job market.
September 19, 2008			
	Alamance Community College	Business Administration/ Electronic Commerce (A2512I)	Low Enrollment: Market decline with little or no recovery in the sector.
	Piedmont Community College	Mechanical Drafting Technology (A50340)	Other: Most businesses and industries now use CAD programs for their drafting needs. The DFT (CAD) courses in other curriculum programs at the College are sufficient to satisfy area employer needs.
	Wilkes Community College	Broadcasting and Production Technology (A30120)	Low Enrollment: The regional need for graduates has declined with the increase in satellite radio stations, pod casting, internet radio broadcast, and the change in industry needs.
	Wilkes Community College	Race Car Technology (A60400)	Low Enrollment: Motor sports industry has moved from area.
November 21, 2008			
	Davidson County Community College	Autobody Repair (Diploma) (D60100)	No Enrollment: Lack of employment opportunities.
	Davidson County Community College	Carpentry (Diploma) (D35180)	No Enrollment: Could not recruit adequate number of students.
	Davidson County Community College	Cosmetology Instructor (Certificate) (C55160)	No Enrollment: Students are interested in Cosmetology Degree Program only.
	Davidson County Community College	Electrical/Electronics Technology (A35220)	Other: Training provided in other college programs.
	Davidson County Community College	Esthetics Instructor (Certificate) (C55270)	No Enrollment: Students are interested in Cosmetology Degree Program only.
	Davidson County Community College	Manicuring Instructor (Certificate) (C55380)	No Enrollment: Students are interested in Cosmetology Degree Program only.

Appendix D: Log of Curriculum Program Terminations by SBCC Date

	Community College	Curriculum Name and Code	Rationale for Termination
	Davidson County Community College	Masonry (Diploma) (D35280)	No Enrollment: Unable to recruit adequate number of students.
	Davidson County Community College	Office Administration (A25370)	No Enrollment: We have not had any enrollment in this program for ten years. We found our enrollment shifting into our more generalized computer programs of study
	Davidson County Community College	Office Administration/Legal (A2537A)	We have not had any enrollment in this program for ten years. We found our enrollment shifting into our more generalized computer programs of study
	Halifax Community College	Business Administration/ Electronic Commerce (A2512I)	Other: The Advisory Committee of the E-Commerce program and the program head determined that the local workforce cannot support the graduates and that the program is no longer needed for our service area.
	Halifax Community College	Entertainment Technologies (A25190)	Other: Although the Entertainment Technologies program was approved to begin Fall 2005, the program has not been offered. The anticipated entertainment district in our community has not been developed.
	Halifax Community College	Horticulture Technology (A15240)	No Enrollment: Projected community growth did not occur, so corresponding job opportunities did not materialize. In addition, qualified faculty could not be found.
	Haywood Community College	Pulp and Paper Production Technology (A50430)	Low Enrollment: Decrease in industry demand for employees following a corporate takeover of the county's paper plant resulted in a multi-year decrease in student enrollment.
	Wake Technical Community College	Manufacturing Technology (A50320)	Low Enrollment: Due to industry downturn, automation and the relocation of jobs, we no longer have sufficient students to continue offering this program.
	Wilson Community College	Esthetics Technology (Certificate) (C55230)	Other: A new standard was created by the State Board in 1999 due to changes in the Board of Cosmetic Art Rules. This program was automatically approved to be offered by any college that had approval for the Cosmetology program; however, we never offered this program.

Appendix D: Log of Curriculum Program Terminations by SBCC Date			
	Community College	Curriculum Name and Code	Rationale for Termination
	Wilson Community College	Manufacturing Technology/Plastics (A5032A)	Low Enrollment: Due to a decrease in industry needs, we no longer have a sufficient number of students.

Appendix E:

Curriculum Program Titles Eligible for the Special Curriculum Program Application Process

The following curriculums have been approved by the State Board of Community Colleges for the Special Application process:

- Community Spanish Interpreter (A55370)
- Entrepreneurship (A25490)
- Industrial Systems Technology (A50240)
- Infant/Toddler Care (Certificate) (C55290)
- Information Systems Security (A25270)
- Lateral Entry (Certificate) (C55430)
- Networking Technology (A25340)
- Web Technologies (A25290)
- Welding Technology (A50420)

The following curriculums have been approved by the State Board of Community Colleges for the Special Application process, but require that the college have prior approval for the Cosmetology (A55140) program:

- Cosmetology Instructor (Certificate) (C55160)
- Esthetics Instructor (Certificate) (C55270)
- Esthetics Technology (Certificate) (C55230)
- Manicuring Instructor (Certificate) (C55380)
- Manicuring/Nail Technology (Certificate) (C55400)

The following curriculums have been approved by the State Board of Community Colleges for the Special Application process, but require that the college have prior approval for the Early Childhood Associate (A55220) program:

- Early Childhood Associate/Special Education (A5522A)
- Early Childhood Associate/Teacher Associate (A5522B)

The following curriculum has been approved by the State Board of Community Colleges for the Special Application process, but requires that the college have prior approval for the Business Administration (A25120) program:

- Business Administration/Electronic Commerce (A2512I)

The following curriculum has been approved by the State Board of Community Colleges for the Special Application process but, requires that the college have prior approval for the Associate Degree Nursing-Integrated (A45100) program:

- Associate Degree Nursing – Non-Integrated (A45120)

The following curriculum has been approved by the State Board of Community Colleges for the Special Application process, but requires that the college have prior approval for the Associate Degree Nursing – Non-Integrated (A45120) program:

- Associate Degree Nursing – Integrated (A45100)

The following curriculum has been approved by the State Board of Community Colleges for the Special Application process, but requires that the college have prior approval for the Associate Degree Real Estate (A25400) program:

- Real Estate Licensing (Certificate) (C25480)

The following curriculum has been approved by the State Board of Community Colleges for the Special Application process, but requires that the college have prior approval for the Human Services Technology (A45380) program:

- Human Services Technology/Social Services (A4538D)

Appendix F: The North Carolina Community College Curriculum Application Process

Curriculum Program Approval Processes Overview

Colleges must have prior State Board of Community Colleges approval to offer a curriculum program. The State Board is authorized in Rule 23 NCAC 02E .0201 to approve programs consistent with the System's mission. The mission of the North Carolina Community College System, as stated in Rule 23 NCAC 2B.0104, is to provide adults in North Carolina with learning opportunities consistent with identified student and community needs. Colleges in the System plan, develop, and implement, curriculum programs consistent with their local mission to provide learning experiences for adults and ultimately enhance the workforce of North Carolina.

The approval processes include curriculum applications (standard or special) or letters of request, depending on the program type.

In order for a college to receive approval for a curriculum program that is new to the System they must submit a **standard curriculum program application**. This application process is also required for all associate in applied science, diploma, and certificate programs that are not identified as a program that has an immediate or critical need.

The State Board of Community Colleges has delegated to the President of the North Carolina Community College System the authority to grant approval to colleges to offer selected curriculum programs. This approval is limited to programs in which there is an immediate or critical need for graduates; therefore, allowing colleges to respond to industry needs in a timely manner. Colleges must submit a **special curriculum program application** and receive approval from the System President prior to offering the program (Please see *Appendix: Curriculum Program Titles Eligible for the Special Curriculum Program Application Process*).

Approval to offer Associate in General Education (AGE) programs, General Occupational Technology (GOT) programs, and College Transfer programs (Associate in Arts, Associate in Fine Arts, and Associate in Science) is granted by the System President. To gain program approval the college president must submit a **request in writing** to the President of the North Carolina Community College System.

Curriculum Program Approval Processes	
Standard Curriculum Application Process	Special Curriculum Application Process
<p>Definition: The standard application process is followed for curriculum programs that are new to the System or existing programs that have not been identified as an immediate or critical need (including concentrations). The application process includes the following:</p>	<p>Definition: A shortened, "special" curriculum application is allowed for certain programs when there is an immediate or critical need for graduates of those programs; it is also allowed in order to comply with a change in licensure requirements by outside agencies. These curriculum programs are already being offered within the System. The special application process includes the following:</p>
<p>I. Institutional Certification The President and Board of Trustees Chair of the applying college must certify that the program will enhance the workforce of North Carolina, will provide educational and training opportunities consistent with the mission of the college and will not duplicate the opportunities currently offered. The certification must further state that the applying college has assessed the need for the proposed program and has the resources required to maintain a viable program; and, certifies that the college can operate the program efficiently and effectively within the resources available to the college.</p>	<p>I. Institutional Certification The President and Board of Trustees Chair of the applying college must certify that the program will enhance the workforce of North Carolina, will provide educational and training opportunities consistent with the mission of the college and will not duplicate the opportunities currently offered at their institution or surrounding institutions. The certification must further state that the applying college has assessed the need for the proposed program; has the resources required to maintain a viable program; and, certifies that the college can operate the program efficiently and effectively within the resources available to the college.</p>
<p>II. Program Planning: Six Components</p> <ol style="list-style-type: none"> 1. Identify the planning area. 2. Discuss the purpose of the proposed program and how it relates to the mission, workforce training, and Institutional Effectiveness Plan. 3. Notify all community college presidents, chief academic officers, and the VP of Academic & Student Services. 4. Invite colleges and System Office staff to participate in planning. 5. Define reasonable commuting distance for the community. 6. Complete an Employment Availability Survey. 	<p>II. Program Planning: This is not a required component of the application, however, it is expected that colleges will engage in local program planning to determine how the program relates to their mission, workforce, training, and institutional effectiveness plan.</p>

Curriculum Program Approval Processes	
Standard Curriculum Application Process	Special Curriculum Application Process
<p>III. Impact of Proposed Program: Five Components</p> <ol style="list-style-type: none"> 1. List any colleges with same or similar program, which are located within a reasonable commuting distance. Describe potential program impact and describe planning efforts with these colleges. 2. List any colleges with the same or similar program, outside of the reasonable commuting distance. Describe potential program impact and planning efforts with these colleges. 3. Send all identified colleges an Impact Assessment Form. The form should include the applying college's assessment of potential impact upon existing programs. 4. If negative impact assessments are received, provide further justification for the proposed program. Colleges are required to seek resolution of disagreements of impact. 5. If resolution is not achieved, the VP of Academic and Student Services will refer the issue to the System President. If the issue remains unresolved, the president(s) may request a hearing by the Program Committee for a recommendation to the full State Board. 	<p>III. Impact of Proposed Program: The perceived System-wide impact of programs approved through the special application process is <u>minimal</u>.</p>
<p>IV. Feasibility Plan (not required for concentrations): Eight Components</p> <ol style="list-style-type: none"> 1. Document potential student enrollment (survey required). 2. Provide projected full and part-time enrollments. 3. Describe the availability of facilities to accommodate program. 4. Attach a list of equipment needed to support program. 5. Describe specific requirements of the proposed program (admission, accreditation, clinical site, instructor, library etc.). 6. Estimate the cost associated with the 	<p>IV. Feasibility Plan: In order for a program to be approved through the special application process, it must be determined that there is an urgent and/or critical need for the program, or a change in licensure requirements.</p>

Curriculum Program Approval Processes	
Standard Curriculum Application Process	Special Curriculum Application Process
<p>proposed program (start-up and ongoing).</p> <ol style="list-style-type: none"> Describe the college's plan for obtaining the funds necessary to initiate and maintain a viable program over a three-year period. Provide additional documentation if the program is justified by other data. 	
<p>V. Implementation of Collaborative Plan: Two Components</p> <ol style="list-style-type: none"> Include description of collaborative arrangements with other colleges (if applicable). Attach an instructional service agreement (if applicable) which complies with Rule 23 NCAC 2E.0604. 	<p>V. Implementation of Collaborative Plan: (Not required)</p>
<p>VI. Curriculum Design: Five Components</p> <ol style="list-style-type: none"> List major job competencies used to design the curriculum and describe the process used to identify the job competencies. Attach the current or proposed curriculum standard. Attach the proposed program of study. Attach the proposed curriculum model. Attach proposed courses if the curriculum is new to the System. 	<p>VI. Curriculum Design: Three Components</p> <ol style="list-style-type: none"> Attach current curriculum standard. Attach the proposed curriculum program of study (POS). Attach the proposed curriculum model.

Appendix G: Contact Information

For information regarding the content of this report, please contact the following individuals:

Dr. Delores A. Parker
Senior Vice President
Chief Academic Officer
North Carolina Community College System
